Upon hearing of your club I'm very interested in joining plus receiving information on forming a regional group in my area. The interest in the early Mustang in the K.C. area has really began to boom in the last six months.

After joining another organization and receiving nothing for my money in a year's time, your group sounds more to my liking.

I hope to hear from you in the near future

Sincerely

Dennis F. McKinney

Since some of our members have written and asked several questions we would appreciate it if you could answer those questions along with the steadily rising value of the early Mustangs and depreciation of the later models. First of all, are you primarily a parts club? Secondly, under what conditions do you operate? Thirdly, what regional meets do you have? Georgia meet in August be a possibility? If you have any questions, please send us five copies of your brochures and applications, as well as a copy of your club publication.

We are currently in the process of compiling a new listing of all parts suppliers who are well stocked in hard-to-find Mustang parts. We would appreciate it if you would send us a copy of your latest parts catalog, so that we can include your company's name, address and telephone number in a future edition of 202 MUSTANGS free of charge. Also, please send us five copies of your brochures and applications, as well as a copy of your club publication.

If you wish, you may contact me personally at 816-455-1449, or you may write us at our club headquarters. A stamped return envelope is enclosed for your convenience.

Again, congratulations on your organizational efforts, and the best of luck in the extensive efforts that lay ahead. Until our next communication, I remain,

Cordially, sincerely & interfraternally,

RE: *Formation of a new Mustang club*

Gentlemen:

We have been advised of your organization and would like to take this opportunity to congratulate you on your efforts in formulating a new Mustang group. Frankly, we were surprised to learn of the creation of a new club, since the CLASSIC MUSTANG ASSOCIATION INTERNATIONAL has been in existence for over two years. However, our Board of Directors had previously discussed the possibility as to whether or not another club would *spring up* with the steadily rising value of the early Mustangs and the lower than normal depreciation of the later models.

Since some of our members have written and asked several questions concerning your group, we would appreciate it if you could answer those questions so that we can pass the information along. First of all, are you primarily a parts club, a regional group, or a nationally recognized non-profit car club? Secondly, under whose authority and dispensation do you operate? Thirdly, what regional meets do you have planned? Last, will your Georgia meet in August be a *Concours d'Elegance*?

We are currently in the process of compiling a new listing of all parts suppliers who are well stocked in hard-to-find Mustang parts. We would appreciate it if you would send us a copy of your latest parts catalog, so that we can include your company's name, address and telephone number in a future edition of *THE MUSTANGER* free of charge. Also, please send us five copies of your brochures and applications, as well as a copy of your club publication.

If you wish, you may contact me personally at 816-455-1449, or you may write us at our club headquarters. A stamped return envelope is enclosed for your convenience.

Again, congratulations on your organizational efforts, and the best of luck in the extensive efforts that lay ahead. Until our next communication, I remain,

Cordially, sincerely & interfraternally,

Robt,

First, I would like to make very clear
"The Mustang Club of America" and Champo
Mustang Parts are as far apart as Sears
Roebuck & "The Mustang Club of America". Please
inform your members that. We are a
National Club and now in the process
of being incorporated in Fulton Co Georgia
we are Non-Profit

From what I understand, I feel it best
that the two clubs go in what ever direction
they wish, and any relations, correspondence, meets
etc come to a conclusion as we are not interested
in your club activities. I'm sorry I feel this way
but have a reason.

Sincerely
Stan Jones

Dear Sir:

You have an ad in Hemmings Motor News for Mustang Owners. I am interested in obtaining information on the Mustang club, and the National meet at Stone Mountain, Georgia in Aug. 1976

Do you have to be a member of the Mustang Club of America to enter a car at the National meet. If so please send entries forms for two members. Please reply right away.

Thank you
James H. Kinney

Car Rustlers Rounding Up Old Mustangs

Rustlers are cutting old Mustangs out of the Atlanta herd.

During May, 18 Mustang automobiles were stolen. Most of them were the first models of the Ford Mustang series — from 1965 through 1968 — although some of them have been later models.

None has been recovered, a sign that professional thieves — rather than joy-riders — are doctoring the cars and reselling them, according to auto theft detective R. T. Ford.

There is another sign that professionals may be responsible for the disappearing Mustangs. They have vanished in bunches from certain parts of the city.

Five have been stolen in the Houston Street-Piedmont Avenue-Downtown area. Three were taken in the Collier Road-Coronet Way-26th Street area. Two were from Stewart Avenue, and two were from Buckhead.

"Mustangs are beginning to be collectors' items, particularly the first models," Detective Ford said. And, he noted, older cars are easier to steal than newer ones.

Dear Mr. Jones:

Owen Bombard asked me to send along the enclosed booklet on the history of the Ford Mustang, which Michael Davis suggested would be useful to you.

Your club activities should be interesting and much fun since they center around one of America's most exciting cars. Contact us any time we can be of assistance.

Cordially yours,

Derwood Haines
